DOCKETED BY

I write you to urge you to oppose the elimination of Arizona's Energy Efficiency Standards and any reopening of Arizona's Energy Efficiency Rules. These Standards are working to lower utility bills for me and my neighbors and make Arizona an affordable place to live and work.

I strongly oppose the elimination of Energy Efficiency Standards, that were adopted in 2010.

I also strongly oppose the, or any, reopening of Arizona's Energy Efficiency Rules.

These standards are reducing my/our utility bills making Arizona an affordable place to live and support business in our community.

Please There is too much money, billions of dollars, being sent out of state each year to pay for our energy. Please support energy efficiency.

I am confident you will do the right thing for Arizona and our state's economy. Please continue to support the Energy Efficiency Standards adopted in 2010.

Thank you,

Morgan White
